The 2013 DCP and ACRE program provisions are unchanged from 2012, except that all eligible participants in 2013 may choose to enroll in either DCP or ACRE for the 2013 crop year. New Microloan Program

The Farm Service Agency (FSA) developed the Microloan (ML) program to better serve the unique financial operating needs of beginning, niche and the smallest of family farm operations.

The program will operate similar to the Operating Loan program but will include reduced requirements for managerial experience and loan security, as well as reduced paperwork. The microloan program can be used for such expenses as annual crop inputs, marketing and distribution expenses, purchase of livestock and equipment, and minor farm improvements such as wells and coolers. Eligible applicants may obtain a microloan for up to \$35,000. The repayment term may vary and will not exceed seven years. Annual operating loans are typically repaid within 12-18 months of when the

MILC Contracts Extended

Dairy producers enrolled in the Milk Income Loss Contract program (MILC) will have their contracts automatically extended through Sept. 30, 2013. There is no need to re-enroll in the program. The MILC program was one of several programs continued with the extension of the 2008 Farm Bill.

The production start month previously selected by an operation is applicable for FY 2013. Starting March 1, 2013, all production start month changes must be made according to normal start month selection provisions.

Normal start month provisions: Changes must be made on or before the 14th day of the month before the selected MILC production start month, except as otherwise provided during the applicable sign-up phase. A dairy operation cannot select a MILC production start month for any month that has already begun, except as otherwise provided; has already ended or; milk was not produced by the dairy operation.

Please call the FSA office and make an appointment if you decide to make changes.

Payment Limitations (PL)

Hispanic and Women Claims of Discrimination

The voluntary claims process will make available at least \$1.33 billion for cash awards and tax relief payments, plus up to \$160 million in farm debt relief. There are no filing fees to participate in the program. Claimants can obtain a claims package in through the toll-free number or by visiting the website below.

SURE Program Status

The Supplemental Revenue Assistance Payments (SURE) Program provides assistance to producers suffering crop losses due to natural disasters occurring through Sept. 30, 2011. To receive SURE payments, an eligible producer must have qualifying losses of at least 10 percent production loss affecting at least one crop of economic significance due to natural disaster on a farm in a disaster county.

Producers outside a declared disaster county are eligible if they experience production losses greater than or equal to 50 percent of normal production in the farm. To be eligible for SURE, a producer must have obtained a policy or plan of insurance for all crops through the Federal Crop Insurance Corporation and obtained Noninsured Crop Disaster Assistance Program (NAP) coverage, if available, from the Farm Service Agency. Forage crops intended for grazing are not eligible for SURE benefits.

Sign-up is in progress. The deadline is **June 7, 2013**.

Loans for the Socially Disadvantaged

FSA has a number of loan programs available to assist applicants to begin or continue in agriculture production. Loans are available for operating type loans and/or purchase or improve farms or ranches. While all qualified producers are eligible to apply for these loan programs, the FSA has provided priority funding for members of

socially disadvantaged groups.

A socially disadvantaged applicant is a member of a group whose members have been subjected to racial, ethnic or gender prejudice without regard to their individual qualities. For purposes of this program, socially disadvantaged groups are women, African Americans, American Indians, Alaskan Natives, Hispanics, Asian Americans and Pacific Islanders. FSA loans are only available to applicants who meet all the eligibility requirements and are unable to obtain the needed credit elsewhere.

USDA is an equal opportunity provider and employer.
